

*...Protecting Globally
Envisioning the Future...*

iyi günler! (means good day in Turkish language). The Canasafe team had an exhibition display at TOSH 2014 , the first Turkish Occupational Safety and Health convention. As the team adjourned, there was a warm welcome from the Turkey citizens despite of the freezing weather. It was a heart melting experience how they respond on the products, good feedbacks are heard. People are very interested on PPE (Personal Protective Equipment) particularly on hearing and fall protection. In the very soonest, you would be sighting Canasafe products at the Turkish market!

Try to check it out once you visited the magical place, Turkey. Don't forget to share it!
