

CanaSafe™

Mission Statement

“To be a source of excellence for our customers; to provide a challenging professional experience for our employees; to be a rewarding investment for our shareholders and to make decisions based on asking, “If I were the customer...”

Protecting Globally, Envisioning the Future

Meeting and exceeding these expectations is a tradition at CanaSafe. We are dedicated to the promotion of work place safety and welfare in the provision of quality safety products and sound principles. From day one, we have been driven by one goal, that our company be known for quality that is uncompromising and without end.

Being a leading safety products manufacturer does not mean being the biggest but it does mean being the best in terms of consumer value, customer service, employee talent and consistent and predictable growth. We are on our way to realizing this vision but there is much we need to learn and do to fully achieve it.

Each member of the CanaSafe team is responsible for the pursuit of this mission statement and attainment of our objectives, and we strive to commit to the ideals described above.
